Killed by the Sheriff of Boyle County.

On Thursday, ten miles from Danville, George Coulter shot and killed Richard Votaw, who on the preceding Sunday evening, at a camp meeting, killed two men and wounded two women. At the meeting Votaw was boasting. Upon being admonished to keep quiet he pulled his pistol and killed two men. Then raising the captain he fired at random into the audience. One of the ladies wounded was a daughter of a preacher.

Excitement ran high. Had the murderer been alive he would, no doubt, have been lynched. Votaw when killed was resisting arrest.

A man's health is a rope by which he climbs to success. If he can keep his health he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strength of this rope can be paring rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease—the "Golden Medical Discovery" will cure it absolutely. No one of these diseases can gain hold on the body when it is full of pure blood.

The Red River Valley Railroad.

On Saturday, July 9, a committee led by H. A. Green came to Rothwell to confer with the officials of the above road with a view to having the road extended to Hazel Green from the present terminus on top of Beaver Hill. The officials are carrying on an enterprise of much worth to the country, and we hope they will see their way clear to extend the road.

## Object to Paying War Tax.

In many cities opposition to paying the war tax on express packages is being vigorously pushed. Shippers demand that the express companies pay the tax instead of having their shippers pay it. Boards of Trade and Chambers of Commerce are leading the demand.

## SANTIAGO

IS NOW BEING BOMBARDED.

Dewey Will Be Unmolested By Canara.

During the past week but little of importance has occurred in the war situation at Santiago. A truce has prevailed, being extended from time to time, giving the Spanish general an opportunity to confer with the Madrid government in regard to a surrender, which he ardently desires as he has seen how useless further resistance to American forces will be. In the meantime, Gen. Shafter has been strengthening his position for a final and successful attack.

The terms demanded by Shafter was the unconditional surrender of the city and the army. This the Spanish refused to accept, although he realized that destruction awaits him if he forces the Americans to make an attack.

## War Notes.

The bombardment of Santiago was renewed last Sunday afternoon.

Many European papers, realizing the hopelessness of Spain, are counseling peace.

The opinion of the English press is decidedly favorable to the U. S.

The Spanish fleet commanded by Canara has delayed long in the Suez canal and is reported as now being on the return to Spain to meet the American squadron under Watson, which was said to be preparing for a trip across the Atlantic. Thus it seems that Dewey will not be molested at Manila.

Gen. Miles, Commander-in-Chief of the United States Army, accompanied by his staff, on Thursday left Washington for Charleston, S. C., whence he goes to Santiago.

The last of the 1780 Spanish prisoners taken at Santiago have been taken to Portsmouth, N. H. Cervera and the officers of his fleet have been taken to Annapolis.

Capt. Patrick's Salterville company was mustered into service on Friday.

The American casualties at Santiago July 1 and 2 are: Killed, 25 officers and 208 enlisted men; wounded, 81 officers and 1,203 men; missing, 79.

There is one little maxim Which may bring what is better Than riches or fame. All those who will heed it Good appetite find, Strong nerves, rosy cheeks, And vigor of mind. It will banish dyspepsia, Rheumatism and gout, That tired feeling conquer, Drive scrofula out, And here is the man— In wisdom is sure— Take Hood's Sarsaparilla, And keep your blood pure.

We are, as you see, out on a half sheet. This is owing to the fact that we find ourselves crowded with job work. Pardon us and you will see what there is in store for you in the future.

DEATHS.

## SWANGO.

Samuel Swango, aged 72 years, a highly respected and worthy resident died at his home in Hazel Green on July 1st. The Herald says of him: "He was honored, noble, trusted, generous."

## TIBBS.

John Tibbs, of Hazel Green, died suddenly on Thursday morning. He leaves a large family.

## ERION.

John H. Erion, the well known architect of Paris, died of consumption on Wednesday. He was the son-in-law of Rev. Jno. S. Sweeney.

## HULIS.

Waller D. Hulis, of Sholleville, Clark county, died at an infirmary in Lexington Wednesday night, July 6, 1898. For a few days he had had locked bowels, and was taken to Lexington for treatment, where on Tuesday an operation was performed. From this he did not recover. The funeral services were conducted at Bethlehem church on Friday morning by Rev. J. W. McGarry. He leaves a wife and four children—Mrs. Wm. Judy, and sons William, Charles and Robert, to mourn his loss. His wife is a daughter of Wm. Scobee, deceased. Mr. Hulis was a most excellent citizen, an enterprising farmer, a prominent member of the Christian church, and his death will be a serious loss to the community and church.

## GISH.

At his home on Harrison avenue, in Mt. Sterling, Ky., on July 8, 1898, of bronchitis, M. F. Gish, aged 52 years. Mr. Gish was an old soldier, having served in the Ohio Regiment during the Rebellion. He came to this country some ten years ago and bought a farm, on which he lived until last March, when he moved into the city so as to the better educate his children. His wife and a grown daughter had recently preceded him to the grave, and his remains were laid to rest with theirs in the church yard at Antioch, in this county. One grown son and three daughters are left of the family, who have the sympathy of many friends. May the peace and consolation promised to the orphan be theirs till the family is reunited where partings are no more.

## TURNER.

Mrs. Ann E. Turner, daughter of A. Wm. and Bertha Turner, was born at Ruddells Mills, in Bourbon county, February 2, 1834. When quite a child her parents moved to West Liberty, in Morgan county. She was married to James A. Turner, September 8, 1857, at West Liberty, where they continued to live until (except five years residence in Fleming county) they moved to this city in 1870. Since then this city has been her home. Her husband died July 10, 1876. Mrs. Turner had seven brothers and sisters, of whom only three are alive—Mrs. John E. Cooper, Clay and Bruce Turner, of this city and county. She had three children, Charles, Maria, G. E. McDuff and John, all living here. While apparently strong and healthy, she has been sick several times in the last few years. The final sickness of about two weeks duration was flux, and as

the end drew near, heart failure developed. She died on Thursday morning, July 7, 1898, at 2:45 o'clock. The funeral service was conducted at the Christian church on Friday afternoon by Rev. H. D. Clark and Bruce W. Trimble. The burial was in Macphail. During her residence in this city she kept an hotel or private boarding house, and has thus cared for her family and others to whom she has taken the place of mother. Kind, gentle, hospitable, loving and sympathetic, ever ready to help the needy and minister to the sick and afflicted, she drew to herself a large circle of friends in this city and country, and likewise in the mountain counties east. Early in life she became a Christian. While her attendance at church service has been interrupted by the many pressing household cares, she has in her life shown the fruits of the Christ spirit. She has entered into rest. No more will sorrow come; no more will burdens press upon her. With her there is peace and joy.

## LITTLE ELIZABETH BOURNE.

Once more the angel of death has descended to earth, once more he has borne aloft a precious burden, once more a loved one has left a vacant spot in the heart, an empty chair on the hearth.

On Sunday morning Elizabeth Baird Bourne, the little daughter of Albert and Cora Bourne, after a hard struggle with the whooping cough, combined with an attack of cholera infantum, succumbed to their untold fears and departed into that region where pain and sorrow are known no more. Borne in the arms of angels to the great white throne, she rests, happy in the presence of the Father, who has taken to himself what he gave, only for a time, to these earthly parents. This little one, an angel of peace, though only on this earth for twenty short months, won all hearts by her sweet and winning ways and with each advancing day each heart was bound closer with the cords of love. Now she has left father, mother and all who loved her below, but in the presence of the dear Heavenly Father who said, "Suffer little children to come unto me, for such are the kingdom of heaven," she is waiting for them to join her there and reign with her in glory. Her bereaved parents, remembering her as an embodiment of sweetness and love, can look forward to the reunion with their dear little one on that great day when the Lord shall come to take his saints to dwell in the celestial mansions. Rely, J. W. Mitchell and W. J. Bolin conducted the last rites at the residence and the body was interred in Macphail cemetery.

## LYONS.

The infant child of H. K. Lyons and wife, after two months and a half of life and suffering, yielded to the fatal sword of the arch enemy, Death, and on Sunday morning, after struggling with unavailing resistance against the ravages of cholera infantum, went to its rest. The funeral was preached at the residence of Mr. Wm. Combs on Monday afternoon at 3 o'clock, Rely, H. D. Clark and W. J. Bolin officiating. Burial in Macphail cemetery.

## HART.

The infant child of A. S. Hart died on Sunday morning of cholera infantum. Funeral was preached at the residence on Monday afternoon at 2 o'clock by Rev. Matthew Hart, and the remains were consigned to the earth in Macphail cemetery. The little innocent of six months knew nothing of the good or bad of this old world. God took it, and the parents should rejoice that it was thus freed from trouble, toil and sorrow, and that, pure on earth, it entered heaven to await their coming.

## Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhalant mixtures, which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rid the system of every trace of the vile complaint.

Miss Jessie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood purifiers, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for Catarrh, and find themselves worse now than ever. A trial of S. S. S. For the Blood will prove it to be the right remedy for Catarrh. It will cure the most obstinate case. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

WATER! WATER!

The enterprising citizens of Mt. Sterling will be glad that the City Council are considering the question of putting in a water works plant. There is not a man, woman or child of ordinary intelligence but knows that water is necessary for our advancement as well as for cleanliness and health. No city can prosper without water works, and every home needs a bath tub.

It is reported that Admiral Sampson and Commodore Schley are at odds and that it is because Sampson forbid Schley sending his report of the destruction of Cervera's fleet. If this be a fact the conquering hero at Santiago has a right to be grieved. At the time of the great battle Sampson was at another point on other business, gave no instructions in the battle. Schley was the commander of the moment, gave the directions, did the fighting and won the victory. Sampson should have all the glory he is entitled to, but the victory of Santiago belongs to Schley.

The United States started out to free Cuba, "Remember the Maine" and to flog Spain. So far we have kept our word and unless Spain gives completely up and like the school boy cries out "nuff," we will whip them "some more." Our men, both on sea and land have done their work well, proving themselves soldiers like unto their fathers, and from the humblest private to the highest in authority we give each the praise and glory due. Those of the enemy in active service want peace. It is folly to contend longer with our forces, but those who are in authority thousands of miles from the din of battle, want more of it, and it is for this reason that the war department has ordered a fleet to Spain, where the lion may be bearded in his den, and the leaders as well as the privates may know what it is to antagonize a great country like ours.

Spain must yield or be swept from the earth.

Splendid Success

A. HOFFMAN & SON,

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio.

## Does Baby Thrive?

If your baby is delicate and sickly and its food does not nourish it, put fifteen or twenty drops of Scott's Emulsion in its bottle three or four times a day and you will see a marked change.

We have had abundant proof that they will thrive on this emulsion when other food fails to nourish them.

It is the same with larger children that are delicate. Scott's Emulsion seems to be the element lacking in their food. Do not fail to try it if your children do not thrive. It is as useful for them in summer as in winter.

Ask your doctor if this is not true.

The quality of wheat in central Kentucky is said to be very good, but the yield is shorter than has been expected; probably not exceeding two-thirds.

### Disaster on the Deep.

During a heavy fog early on the morning of July 4th, 100 miles off the coast of Nova Scotia, there occurred one of the most appalling disasters in the history of trans-Atlantic navigation. The French steamer La Bourgoigne, with 725 persons on board, was run down by the British freighter Cromartyshire. Within about half an hour the steamer sank, carrying to death, according to revised report, 655 people. Of the 300 women passengers only one was saved. The crew became unmanageable, and it is said they recklessly killed with knives and other instruments men, women and children who were seeking safety. One life-boat containing about forty women went down while suspended from the davit.

The steamer Bourgoigne had left New York on the previous Saturday bound for Havre. The freighter, somewhat damaged, rendered valuable service in saving the passengers. A passing steamer came to the rescue.
